Global score

67

Your global score consists of the following components:

Idea and context

19

Technology

15

Business model, finance
and corporate

9

Team

24

Comments from Evaluator :

This is a very interesting idea and you have a strong team, full of diverse experiences. But we believe that the business model is not very clear and has to be refined and that the differentiation should be more clearly explained from what is already on the market. You have to better explain how this idea is going to meet its market and generate solid revenues.
