Comments from Evaluator 1:

Have you tried to size the market for your game? What will make it really different on the market? The challenge might be to go from a game to a company with a larger scope to attract investors later on. Will you be able to fully dedicate yourself to the project?

Comments from Evaluator 2:

The core idea is interesting, but an idea is not enough. You don't have the game design, the technical expertise, the business experience, or the educational theory. How will you make this work? You will be very welcome to be evaluated again in the next edition with a more precise proposal.
